STAT

13 January 1952

Weather continued cloudy with overcast skies. Temperature falling slightly. Moderate west and northwesterly winds with slight rainfall throughout the country and moderate snowfall in the mountains.

15 January 1952

Weather fair with partially cloudy skies. Slight drop in temperature, dropping during the night to -5 degrees. Moderate westerly and northwesterly winds. Colder weather for the next 3 days, with slight snowfall in the vicinity of Bucharest.

16 January 1952

Weather fair with clear skies in most of the country. Lower temperatures of between -6 and -12 degrees expected. Light snowfall. Cold weather for the next 3 days, with warmer temperatures thereafter.

17 January 1952

Weather variable with partly cloudy skies in the northern half of the country. Temperature rising slightly but expected to fall to -6 degrees. Moderate south and southwesterly winds. Slight local precipitation in northern Rumania.

18 January 1952

Weather warm and fair in the southern part of the country. Temperature fluctuating between -6 degrees at Voita-Sibiu and plus 9 degrees at Constanta. Weather will continue warm with slightly cloudy skies on the Danube plains. Rain in Transylvania and snow in the mountains.

19 January 1952

Weather continued warm in the northern and eastern parts of the country, with partially cloudy skies. Snow and sleet in Transylvania and the mountains. Falling temperatures during the next 3 days.

20 January 1952

Falling temperature, with slight rainfall in the southern part of the country and sleet in Transylvania and the mountains. Falling temperatures are expected.

23 January 1952

Weather continued cloudy, with falling temperatures and snow, in the greater part of the country. Light northwesterly winds.
